

**Portland Car & Foundry** inventories craftsman style laser kits and quality plastic kits. We offer custom built structures Dan Howland. His creations using wood, plastic and paper are intricate, suitable for museum style layouts. Other PC&F builders manipulate existing kits for unusual spaces, or build special items not available from commercial sources.

**This section is incomplete. Railroad depots and other structures are absent, part numbers not assigned**

*Catalog listings are based on layout placement, not by supplier. Please scan the entire section. Free shipping for \$50.00 or more with credit card applies.*

Kit Mfg.	Part No.	Description	Price	
BTS	464H27701	2nd Street two story house with anywhere United States look.	\$39.95	S/O

------	----------	---	---------	--------------

Bill Wade is noted for creating very detailed small structures and railroad cars suitable for any model railroad setting. Great Northern truss rod caboose (4 kits) and the GN standard 24 x 24 depot with telegraphers window are examples of his work. So to the large coal mine and McCabe's lumber mill.

BTS	464H27110	The shanty. Back to Montana or maybe Minot, ND., Spokane, WA., Red Lodge, MT., St. Cloud, MN., or Ellensburg, WA. Any place meager wage-earners live, this structure is Home Sweet Home. Ideal for a set of back-track row houses.	\$49.95	S/O
BTS	464H27112	Small single door tool shed for that needed yard filler space	\$15.95	S/O
BTS	464H27300	Typical east coast "shot gun house". Shoot through the front door, kill the chickens out back. Accessories available for detailed interior.	\$29.95	S/O
BTS	464H27300-1	Three typical east coast "shot gun house". Accessories available for detailed interior.	\$75.95	S/O
BTS	464H27300-WC	Modified shot gun house for Pacific Northwest (Straits of Juan de Fuca, Puget Sound, and Washington - Oregon coasts) This house has added BTS cedar shakes, commonly used as siding along the Pacific Coast. Accessories available for detailed interior.	\$40.00*	S/O
BTS	464H27402	Two flag stop platforms for use along a main or branch line. One painted, one weathered might indicate usage	\$16.95	S/O
BTS	464H27425	Three small logging site bunk houses. Best if left weathered from rain, wind and West Coast sea breezes.	\$29.95	S/O
BTS	464H27435	Willets Supply. Good hardware or farm implement store. Green anyone? Typical of structures of the 1920s to 50s.	\$49.95	S/O
BTS	464H27465	Kees Chinese laundry. This tiny structure looks like a building from The Dalles, OR. circa 1930; or Tacoma, WA. circa 1920, or Havre, MT. circa 1938. Nearly every western railroad town had a Chinese laundry at one time or another. Here's your chance to add history to your layout.	\$26.95	S/O
BTS	464H27466	McCabe two stall engine house with tool shop. Don't let the name fool you. This structure is at home in Tillamook, OR., or Forks, WA. Vancouver Island lumber companies built similar structures to house their shays. Building looks best in washed brick red, or off white if painted, weathered gray if unpainted.	\$119.95	S/O
BTS	464H27475	"Camp Reynolds" spelled Rayonier? Cook house for hunger loggers, and donkey jockeys. This building smells as a potatoes and beef cook house ought to smell. After hours, tables and benches against the wall for impromptu dance or boxing match.	\$49.95	S/O
BTS	464H27491	Timber crane with a bucket of detail parts. Expect to take a week to build this jewel.	\$99.95	S/O
BTS	464H27501	ATSF or ??? M of W shed or branch line freight storage building. Easily modified to represent a different structure	\$24.95	S/O
BTS	464H27506	General loading dock for team track operations. PC&F built two for one customer: one piled with grain sacks, the other farm machinery	\$18.95*	S/O

BTS	464H27507	Box car on last "legs" serving as a tool shed for a logging company someplace along the Pacific Coast. Pile junk, tools, oil cans, pallets with stuff, maybe a tired "Cat"	\$19.95	S/O
BTS	464H27509	Small LCL unloading ramp. Ideal for branch line operation	\$16.95	S/O
BTS	464H27550	GN Secondary ice storage house - used at Whitefish, Okanogan, Minot, St. Cloud and other locations where refrigerator cars needed extra ice. Designed from official GN prints. (May be painted yellow as shown or gray with dark gray trim)	\$49.95*	

BTS	464H27600	W & W Iams Station or division dormitory or building with beanery. Painted dull gray with dark gray trim building	\$49.95	S/O
BTS	464H47495	Sand house and tower for branch line or back woods service.	\$69.95	S/O
BTS	Order Direct	The very large McCabe lumber mill was in fact a "pre-fabricated lumber mill. Everything you need to built the mill arrived via box and flat cars. Several large lumber mills in Washington State and in Oregon used this structure. A great lumber mill for Kalispell, MT as well.	\$ not available	S/O
BTS	464H8000	W.F.E.X. very long double track icing platform based on St. Cloud and Whitefish structures circa 1940. Structure includes office, salt house, power houses. Additional buildings available include the ice storage house listed above.	\$ not available	S/O
BTS	464H7555	Small standard BN depot with telegraphers window. Modeled from GN standard design. Full interior, desk, telephone, kitchen, back room bunks, LED lights inside and out as shown above.	79.95*	S/O

\* Items usually in stock

BTS has many other structures not listed here. Catalog is \$8.00 or visit on-line at [BTSRR.com](http://BTSRR.com)

**GCLaser** provides serviceable GN buildings. Some of the models reflect standard Great Northern designs from the 40s onward.

GCLASER	292H1291	Coal shed - typical small town business	\$24.00	S/O
GCLASER	292H1292	Two story interlocking tower. Ideal for yard or interchange area.	\$25.00	S/O

GCLASER 292H1294 Gasoline or fuel oil storage house \$8.00 S/O

GCLASER 292H1295 GN Motor car shed kit back side unpainted \$12.00 S/O

GCLASER 292H1297 GN Storage (shim) shed kit S/O

GCLASER 292H1298 Small railroad yard office (GN or branch line) - undecorated kit \$17.00 S/O

GCLASER 292H1299 Tool House for any yard, large or small \$17.00 S/O

GCLASER 292H1346 Farm house - use as a tableau away from main or branch line. \$70.00 S/O deposit required

GCLASER	292H1384	Hardware store with false front. Good for many towns throughout the United States	\$42.00	S/O
GCLASER	292H1386	Supply store - ideal for town settings west of Mississippi River.	\$37.00	S/O
GCLASER	292H15211	Large covered stock pen for cattle, sheep, horses, pigs or pigeons. Facility similar to intermediate sized stock yards. Loading ramps included.	\$290.00	S/O deposit required
GCLASER	292H3000	Special tool or communication building for a small yard area. Not shown in most catalogs	\$16.00	

GCLASER	292H1225 - number subject to change	Single shoot stock loading ramp. Ideal for rural sidings where beef, sheep, pigs or lambs are loaded onto stock cars for their trip to market. Typical of loading ramps at many west coast locations. May be "ganged" for a large stock yard	\$20.00	S/O
---------	-------------------------------------	--	---------	-----

GrandtLine	300H5904	Reese Street Row house 3 houses with out houses - selected because these buildings fit any steam-transition era layout	\$29.00	S/O
GrandtLine	360H5911	Valley Feed & Seed. Ideal small feed store for smaller town. Pile feed sack inside and out for realistic feel	\$28.00	S/O
GrandtLine	360H5909	Building with out-west flavor in style popular during the 1920s and 30s. Buildings of this type survived through the 1960s.	\$27.00	S/O
GrandtLine	360H5908	California corrugated iron sided warehouse. Can be mounted on concrete slab or posts.	\$22.95	S/O
Tichy Train Group	293H7011	Board and batten sides handcar shed - plastic	\$9.95	S/O
Tichy Train Group	293H7013	Large oil storage tank with circular stair	\$15.00	S/O
Tichy Train Group	293H8007	Non-working jib crane for yard or team track applications.	\$6.00	S/O
Tichy Train Group	293H8164	Telltale markings for low clearance areas of track or tunnels (2)	\$5.00	S/O

Tichy Train Group	293H8167	Free standing water column for yard or siding.	\$7.00	S/O
Tichy Train Group	293H8168	Mail crane for depot area - used during steam and transition era	\$6.00	S/O
Tichy Train Group	293H8169	Oil column for "proper" steam locomotives, especially those with Belpahre Fire Boxes, or Vanderbilt tenders	\$7.00	S/O
Tichy Train Group	293H7014	P.F.E. covered 150 ft. long icing platform	\$27.00	Inventory close-out
PC&F	840H4848	Nine 16 ft. crib, stud constructed grain elevator. Typical full sized elevator found along the northern tier transcontinental lines. Design from archive prints, Montana Historical Societv	\$199.00	Inventory close-out

Foot print is apx 50 ft. square plus loading ramps
